

Select Frequently Asked Questions

What is Summer Select?

Summer Select is a program designed to further develop players during the summer months between the Fall and Spring soccer seasons. This program is supplement to a player's primary club team. Summer Select Teams will train once a week for a 10-week period from early June to end of August. Teams will participate in 2-3 tournaments throughout the summer with league play a possibility.

How does the trial process work?

Players who are trying out will be evaluated. You will receive an email regarding your child's acceptance into the program shortly after the tryout. This email will state whether your child has been accepted into the Select program.

How many players make a team?

We have no set number of players who make a team. Generally, in the summer we take players who we feel can handle a competitive environment. Teams are generally comprised of 10-16 members. If there is a need to make a second team within an age group, we will look to do so.

What costs are associated with the program?

Approximate costs are broken down as follows:

Training, Facility, Program Fees, and Team Camp fee - \$495

Uniform Cost - Approx. \$45

Tournament Costs are divided amongst the players attending the tournament and usually cost \$40-50 per tournament.

When and where do teams practice?

Practice will take place at the LIJSL Soccer Park in Plainview. Practice will occur on either Monday or Tuesday evenings between 5:45p-8:15p. Once teams are set, the training days, times will be confirmed and announced with the aim of maintaining a consistent schedule. While specific training requests cannot be honored, we do our best to avoid as many programming conflicts as possible.

Practice dates (once per week for 10 weeks):
